

MINI ORIGINAL ACCESSORIES.
THE NEW MINI CONVERTIBLE.

ALL SET FOR THE FINAL TOUCHES.

Open top, open mind – with MINI accessories, you have the freedom to design and equip your MINI Convertible just as you wish. That way, every detail in your car becomes a perfect fit with your own lifestyle. These high-quality accessories are also, of course, designed and manufactured specially for your MINI Convertible.

The extremely lightweight 18" light alloy wheels High Spoke Styling 596 in Orbit Grey give your MINI Convertible a particularly sporty feel. The individual wing mirror and rear-view mirror covers (1, 2) and the side scuttles (3), all shown here with the Black Jack design, are particularly effective touches. The tailor-made wing mirror covers and side scuttles replace the standard equipment and the rear-view mirror cover is simply attached

using adhesive. Round off your MINI with a personal touch. All of these accessories are available in either the motor sport-style black/grey Chequered Flag design, the iconic Speedwell Blue pattern or various striking colours.

CARRIES MORE THAN YOU THINK.

REAR BICYCLE RACK.

Rack 'em up: the solidly built rear bicycle rack, specially developed for MINI, can comfortably handle up to three bikes. It's easy to get on with, too. Even when it is attached, you can still open the tailgate.

LUGGAGE COMPARTMENT MAT, FITTED.

We've got it covered: this practical, stylish and hard-wearing fitted mat lets nothing through, keeping your luggage compartment damp and dirt-free. It comes in Essential Black with a fabric surround and a designer handle featuring the MINI logo.

INSTANT ATTRACTION.

Black beauty – the Black Line package adds sophisticated style to your MINI with its high-gloss black decorative rings for the headlights and rear lights. LED auxiliary headlights in high-gloss black or chrome (1) improve visibility at night and enhance the appearance in daylight hours. The innovative LED daytime running lights will attract even more attention.

MAKE THE PERFECT ENTRANCE.

LED DOOR PROJECTORS.

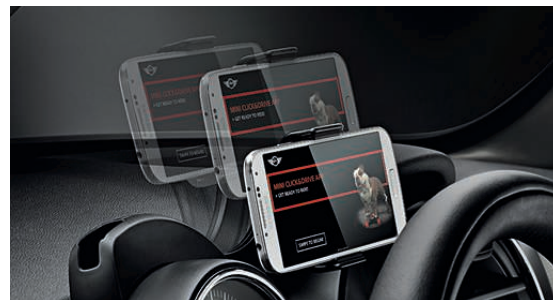

Showtime! When a door is opened, LEDs project your chosen graphic onto the ground.

CHEQUERED FLAG LOCKING PINS.

The door locking pins replace the standard equipment, for a clever touch of individuality.

DOOR ENTRY STRIPS, FLOOR MATS.

The LED door entry strips feature the Union Jack design and are backlit with the MINI logo. Textile floor mats in Essential Black with waterproof backing protect from dirt and damp.

MINI CLICK & DRIVE SYSTEM – BASE CARRIER.

A solid foundation: the flexible base carrier for the Click & Drive system is positioned behind the speedometer, allowing devices to be optimally placed in the driver's field of vision. In combination with the universal clasp, it can hold a smartphone or, with the appropriate mounting in place, the MINI Navigation system Portable.

NAVIGATION PORTABLE XL HOLDER.

One click, everything clear to see: the clasp for the MINI Navigation system Portable XL simply attaches to the base carrier of the Click & Drive system, ensuring that the route guidance technology is optimally in the driver's field of vision.

MINI BABY SEAT 0+ WITH UNION JACK.

A safe start: the ergonomic seat protects babies up to around 15 months of age (approx. 13kg). Patented air pads provide maximum impact protection for the head area. The seat is fitted using the separately available ISOFIX base or the three-point belt.

MINI JUNIOR SEAT 2/3 WITH UNION JACK.

"Grows" with your child: the MINI Junior Seat with ISOFIX connectors is the safe choice for children between 3 and 12 years (approx. 15–36kg). Patented airpads provide maximum impact protection and the patented height and width adjustment system can be operated with one hand. It comes with a rucksack for easily carrying the folded seat, too.

The models illustrated may include optional equipment and accessories not fitted as standard. Alterations to specifications, standard and optional equipment, and content may occur. Apple®, iPhone®, iPad® and iPod® are registered trademarks of Apple Inc. Subject to error.
